# 感恩卡

(配合「我的行動承諾」)

於九月開學禮中，在石志端校長的帶領下，全校同學參與了「我的行動承諾——感恩、珍惜、樂觀、積極」宣誓活動。同學承諾會常存感恩之心，珍惜擁有的一切，抱持積極樂觀的人生態度，勇敢面對生活和成長的機遇和挑戰。

本校同學更填寫感恩卡，對身邊的人表達謝意。同學在感恩卡上直抒胸臆，或以圖畫對家人表達謝意。另外，部分同學不單感激父母的付出和愛，更擴而充之，把孝敬和感恩推展至祖父母上。同學對家人的感恩之心，又豈是三言兩語能詳述呢！

愛心傳達頌親恩

# 慶祝父母親節輕黏土製作活動

為向父母親表達愛意，本校學生大使率先於五月二十日及二十四日帶領部分同學進行「愛心傳達頌親恩」輕黏土製作活動。同學在指導下，運用牙籤和雪條棍等簡單材料，扭扭捏捏，做出一幅幅愛意洋溢的作品。另外，視藝科和德公科跨科合作，老師共同製作教學示範影片，並透過通訊軟件發放，邀請全校家長和子女於假日時運用材料包製作輕黏土作品。是次活動反應理想。不少家長和同學均於群組內與大家分享作品，互相欣賞。「物輕情義重」，每一個輕黏土作品，都是伊鮑小孩子送給父母獨一無二的禮物！

吳樂蓉老師 (德公科)

在活動過程中同學們都能樂在其中。在學生大使的活動中，教師在教學過程中會提供範本及示範製作步驟，同學們都能跟隨步驟完成作品。出乎意料的是很多同學都能發揮創意，在作品中添加不同的元素，使整體作品豐富多彩。即使同學們把黏土及木相架帶回家中，他們都能完成作品及積極地把照片發回給班主任，此能證明同學們都甚為享受製作的過程。部份同學更與家人們共同合照，相信他們都與家人共度了一段美好的親子時光，甚為美哉！

# Parents' Love

## *P.1-2, Topic: Things I Want to Tell My Parents*

What do you want to tell your parents? Do you want to tell them about everyday stuff? A new thing you learn at school today? Do you want to tell them how much you love them and how much they mean to you? The kids at IDPMPS have million words to tell their parents. Like 1A Hafidz, he said, "I love you to the moon and mars." Parents are our sun and our earth. Parents are our best friends. Parents are our heroes. 2B Stella said, "You know I like Batman and Superman's cool too, but I don't really need them as long as I have you!"

## *P.3-4, Topic: My Parents are Heroes*

Parents are our heroes. 4A Ali Hasan said, "My parents are heroes because they would do anything to help me, or risk their lives for me." Yes, parents sacrifice everything for us unconditionally, like sleep, energy, time and more. "My mom is a time traveler, but the problem is that she can't go backwards but forwards." 4A Au Yeung Nga Lam said. Yes, our parents are getting older...

## *P.5-6, Topic: When My Parents are Older...*

“My parents are getting older...the thought of this is making me feel sad. I wish that they could stay young forever but I know it won’t happen.” 5A Murfidh said. Every one will grow old, including our parents. What will you do when your parents are older? “Now, before I leave home for school every day, my mom gives each of us a gentle 5-second hug which makes me feel very warm; When I grow up, before I leave home for work, I want to give my parents a 5-second hug too.” 6A Luk Tsun Hang said.

Life is a journey. Having parents accompany is lucky. Receiving numerous entries for the writing competition, I’m so glad to see that all the kids at IDPMPS are so thankful. It’s really not easy to put ourselves in others’ shoes. This is already a wonderful gift to celebrate father’s and mother’s day. I hope you also enjoy reading this booklet!

## *My Parents are Heroes*

### Champion

#### 4A Au Yeung Nga Lam

My parents are my heroes. They have special abilities that I don't have.

My dad is a healer, but he is a different sort of healer instead of healing illnesses, for example, there was a time I broke my toys, I went crying and my dad came to fix it. In fact, he always says, 'I can fix everything.' Even though he can only fix a few things, I still trust him.

My mom is a time traveller, but the problem is that she can't go backwards, only forwards. For example, what she has to do is to go inside a public transport, blink her eyes, and finally she will arrive at her destination.

But it turns out my mom is only falling asleep during travelling, so the trick is only a piece of cake. It is actually a good thing too because when there are boring classes, I can blink my eyes and then the class will finally be over.

And of course my dad not only heals my toys, but also heals my problem behaviours because he is like other fathers who love their kids.

Maybe their abilities are teaching me a story like if I make a mistake, don't look backwards and to believe that there's always a chance to fix it in the future. I am grateful to have two heroes by my side to show me how to fix the problems that I will make.

## 1st runner-up

### 4A Luk Tsz Hing

My parents are heroes. They can face difficulties with a smile. Whenever I encountered difficulties and setbacks, I would feel frustrated and sad. But when my parents know, they always smile and cheer me up, encourage me and let me know that all difficulties can be passed and can be faced with a smile.

My dad always tells me to be a friendly person. He said that if I am kind to the world, the world will be kind to me. Every morning when I go to school, my mom always hugs me for five seconds. The five-second warmth gives me the confidence and courage to face everything. My parents are my heroes.

## 2nd runner-up

### 3A Wong Chun Lok

My parents are heroes because they can do many things.

My father works hard every day. He always repairs the goods that are loose or broken. He likes to play Legos with me when he has holidays.

My mother does housework every day. She takes care of our family and she is good at cooking. She sometimes holds me until I go to sleep.

My parents spend their time on our family and take care of us. I love my parents too. They are heroes in my mind.

### 3A Tue Hoi Yeung

I have a happy family. There are three people in my family, which includes my father, my mother and me. My mother is a housewife. My mother is not like a famous singer or movie star but what she does really makes her very special. I learned a lot when I was a child.

She taught me how to walk and speak when I was a child. She helped me solve many problems. When I was not good at school, she also told me to be good to others. She encouraged me and tried to make me happy. My father also loves me a lot. He always stands behind me and supports me when I am in trouble.

## *When My Parents are Older...*

### Champion

#### 5A Farook Ahamed Mohideen Murfidh

“My parents are getting older”...the thought of this is making me feel sad. I wish that they could stay young forever, but I know it won't happen, so it's my responsibility to take care of them when they grow old.

Our parents helped us and made lots of sacrifices when we were young, so it's our turn to help them. I would like to spend more time with them and take care of their needs. I want to take them to places they wanted to go when they were young.

As they get older, they become very weak. They begin to forget things more easily. They will find it hard to fulfill their basic needs. I would like to take care of my aged parents wholeheartedly and to the best of my ability.

### 1st runner-up

#### 6A Luk Tsun Hang

My mom always says she has a bad memory lately. My dad also says he has a lot of white hair. I know we are growing up and our parents are getting older. It's hard for me to imagine where I will be when my parents get older. I hope I will be there with them and take care of them. I hope they will be as healthy as now because I want to take them on trips and to eat delicious food.

Now, before my sister and I leave home for school every day, my mom gives each of us a gentle five-second hug. That five-second hug makes me feel very warm. When I grow up, before I go out to work, I want to hug my parents for five seconds too. The five-second warmth is something I want to keep forever.

## 2nd runner-up

### 5A Lo Chung Huen

Everyone will grow old. My parents are no exception!

When my parents get older, they will retire and stay at home to do “non-working stuff”. They might become weak and suffer from back pain. Ultimately, it will be difficult for them to move freely. Therefore, I will definitely help them when I get home from work. I will not let them do the work which will make them suffer.

As you all know, older people get sick easily because they have a weak immune system, which easily get bacteria in their bodies when they turn old. Perhaps, they might need to go to the clinic four to five times monthly. I am willing to take them to the clinic because it is my responsibility to look after my dear parents.

Also, I will try my best to prepare lovely meals for my parents. I want to make them feel loved every single day.

### 6A Wavoo Yasir Arafath Aminah

When my parents are older, I will take care of them. They are really supportive of my dreams and goals. They take care of me even if they are sick. They help me with my homework even if they don't fully understand it. They are always there for me in good times and bad times. They are like a pillar that I can stand on. Without them, I wouldn't stand where I am today.

I feel proud to have my loving parents who care about me. Although I might not be an easy child to take care of, they still love me with all their hearts. I am grateful to have them as my parents. They never show sadness or anger on me. I just hope that I will be like them one day. They are my role models. I hope that I can repay their kindness one day. When they are older, I will show them how much I love them as much as they love me.
